

Rope Sure 5 Extended

This product has been created to provide Employers and Public Liability cover to those individuals working for themselves, either as sole traders or via one man limited companies as well as to companies and partnerships employing up to 5 technicians.

Rope sure 5 has now been extended to include cover for temporary employees. This extension will provide up to 60 man days, for named employees at a fraction of the cost of adding them on a permanent basis.

Rope Sure 5 also covers:

- Onshore and Offshore
- Work using heat
- Work at hazardous locations including railways and airports
- None Destructive Testing

Jonathan Evans, Managing Director comments *'We feel that this extension is very important in the current climate as it allows small and capable businesses to take on their own profitable work, as opposed to sub contracting.'*
